

## Corrigendum to ‘Opioid Free Ureteroscopy: What is the True Failure Rate?’ [Urology Vol. 154 (2021) pp. 89-95]

**Matthew S. Lee, Mark Assmus, Deepak Agarwal, Marcelino E. Rivera, Tim Large, and Amy E. Krambeck**

---

The authors regret that there is a typo in the Results section of the Abstract. “In the total cohort, benzodiazepine users had a lower risk of OF-URS failure on multivariate analysis” should read “benzodiazepine users had a higher risk of OF-URS failure”.

The authors would like to apologise for any inconvenience caused.
